Subsequent to the End of the 2010 Fiscal Year

• The Company obtained Centers for Medicare and Medicaid Services (CMS) approval for the Seven Hills Behavioral Institute facility, located in Henderson, Nevada, which enables it to immediately accept patients enrolled in the Medicare program

"In virtually every respect, this was a solid year for the Company," said Bruce A. Shear, Pioneer's president and CEO. "We grew our top line, increased revenue per patient day and occupancy rates, increased gross margins and turned profitable. We have ramped up our Seven Hills facility and with the CMS approval, expect increased contribution from this state-of-the-art facility as we move into the next year."

Financial Results

Total net revenues from continuing operations increased 20.0% to \$14.0 million for the three months ended June 30, 2010 compared to \$11.7 million for the three months ended June 30, 2009. Net patient care revenues increased 21.9% to \$13.2 million for the three months ended June 30, 2010 from \$10.8 million for the three months ended June 30, 2009. This increase is primarily a result of continued increases in census at Seven Hills Behavioral Institute, increased beds and census at Detroit Behavioral Institute's Capstone Academy and increased census at the chemical dependency unit at Harbor Oaks Hospital in Michigan, which opened in September 2009.

Income from operations improved 142% to \$922,000 for the 2010 fiscal fourth quarter compared to \$382,000 in the year-ago period. Income before taxes was \$874,000 for the three-month period ended June 30, 2010 compared to \$317,000 in the year-earlier period. Net income applicable to common shareholders was \$439,000 for the fiscal 2010 fourth quarter, or \$0.02 per diluted share, compared to a net loss of \$254,000 or \$0.01 per share in the fiscal 2009 fourth quarter.

For the fiscal year ended June 30, 2010, total net revenues increased 14.4% to \$53.1 million compared to \$46.4 million in the prior year period. Net

patient care revenues increased 16.5% to \$49.6 million for the fiscal year ended June 30, 2010 compared to \$42.6 million in the previous year period. In the same 12-month period, income from operations was \$2.6 million compared to a loss of \$799,000 in the same period in fiscal 2009. Income from continuing operations for the fiscal year ended June 30, 2010 increased to \$1.4 million from a loss from continuing operations of \$1.0 million in the year-ago period. Net income applicable to common stockholders was \$1.4 million for the fiscal year ended June 30, 2010, or \$0.07 per diluted share, compared to a net loss of \$2.5 million, or a loss of \$0.12 per share, for the previous year period, which includes a net loss of \$1.0 million or \$0.05 per share, for continuing operations and a net loss from discontinued operations of \$1.4 million (net of tax benefit), or \$0.07 per diluted share. The net loss included a \$1.5 million charge associated with the sale of Pivotal and related discontinued operations.

As of June 30, 2010, the Company had cash and cash equivalents of \$4.5 million compared to \$3.2 million as of June 30, 2009. Stockholders equity improved to \$17.3 million as of June 30, 2010 from \$16.0 million as of June 30, 2009.

"We continued to generate strong operating results for our fiscal fourth quarter and full year of 2010, which was marked by increasing sequential revenue growth every quarter and increased profitability," Mr. Shear added. "The 2010 fiscal fourth quarter represented the Company's sixth consecutive quarter of profitability. Revenue per patient day increased to \$477, a 9% increase from the prior year period. In the last quarter of fiscal 2009, the Company added residential beds at Detroit Behavioral Institute, which accounted for 60% of the increase in patient days for the fiscal year ended June 30, 2010. In addition, we are beginning to experience economies of scale as we leverage our infrastructure more efficiently. For the 2010 fiscal year, administrative expenses decreased to 36% of net revenue from 40.3% in the fiscal year of 2009. Subsequent to the fiscal year end, we obtained Centers for Medicare and Medicaid Services (CMS) approval and the Seven Hills Behavioral Institute facility can immediately accept patients enrolled in the Medicare program. This enables us to provide our important treatment services to a wider population of patients."

The Company will hold a conference call at 10 a.m. eastern time today, to discuss its financial results.
