Acadia Healthcare Company, Inc.
Notes to Condensed Consolidated Financial Statements
June 30, 2017
(Unaudited)

1. Description of Business and Basis of Presentation

Description of Business

Acadia Healthcare Company, Inc. (the “Company”) develops and operates inpatient psychiatric facilities, residential treatment centers, group homes, substance abuse facilities and facilities providing outpatient behavioral healthcare services to serve the behavioral health and recovery needs of communities throughout the United States (“U.S.”), the United Kingdom (“U.K.”) and Puerto Rico. At June 30, 2017, the Company operated 576 behavioral healthcare facilities with approximately 17,300 beds in 39 states, the U.K. and Puerto Rico.

Basis of Presentation

The business of the Company is conducted through limited liability companies, partnerships and C-corporations. The Company’s consolidated financial statements include the accounts of the Company and all subsidiaries controlled by the Company through its’ direct or indirect ownership of majority interests and exclusive rights granted to the Company as the controlling member of an entity. All intercompany accounts and transactions have been eliminated in consolidation.

The accompanying consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles (“GAAP”) for interim financial information. Accordingly, they do not include all of the information and notes required by GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for fair presentation of our financial position and results of operations have been included. The Company’s fiscal year ends on December 31 and interim results are not necessarily indicative of results for a full year or any other interim period. The condensed consolidated balance sheet at December 31, 2016 has been derived from the audited financial statements as of that date. The information contained in these condensed consolidated financial statements should be read in conjunction with the Company’s consolidated financial statements and notes thereto for the fiscal year ended December 31, 2016 included in the Company’s Annual Report on Form 10-K filed with the Securities and Exchange Commission (the “SEC”) on February 24, 2017. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Actual results could differ from those estimates.

Certain reclassifications have been made to prior years to conform to the current year presentation.

2. Recently Issued Accounting Standards

In January 2017, the Financial Accounting Standards Board (the “FASB”) issued Accounting Standards Update (“ASU”) 2017-04, “*Goodwill and Other (Topic 350): Simplifying the Test for Goodwill Impairment*” (“ASU 2017-04”). ASU 2017-04 simplifies the measurement of goodwill by eliminating the requirement to calculate the implied fair value of goodwill (step 2 of the current impairment test) to measure the goodwill impairment charge. Instead, entities will record impairment charges based on the excess of a reporting unit’s carrying amount over its fair value. ASU 2017-04 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management is evaluating the impact of ASU 2017-04 on the Company’s consolidated financial statements.

In March 2016, the FASB issued ASU 2016-09, “*Improvements to Employee Share-Based Payment Accounting*” (“ASU 2016-09”). ASU 2016-09 includes multiple provisions intended to simplify various aspects of the accounting for share-based payments. ASU 2016-09 is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. The Company adopted ASU 2016-09 as of January 1, 2017 as described in Note 10 – Income Taxes.

In March 2016, the FASB issued ASU 2016-02, “*Leases*” (“ASU 2016-02”). ASU 2016-02’s core principle is to increase transparency and comparability among organizations by recognizing lease assets and liabilities on the balance sheet and disclosing key information. ASU 2016-02 is effective for fiscal years, and interim periods within those years, beginning after December 15, 2018. Additionally, ASU 2016-02 would permit both public and nonpublic organizations to adopt the new standard early. Management believes the primary effect of adopting the new standard will be to record right-of-use assets and obligations for current operating leases.

[Table of Contents](#)

In May 2014, the FASB and the International Accounting Standards Board issued ASU 2014-09, “*Revenue from Contracts with Customers (Topic 606)*” (“ASU 2014-09”). ASU 2014-09’s core principle is that a company will recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services. ASU 2014-09 requires companies to exercise more judgment and recognize revenue in accordance with the standard’s core principle by applying the following five steps:

- Step 1: Identify the contract with a customer.
- Step 2: Identify the performance obligations in the contract.
- Step 3: Determine the transaction price.
- Step 4: Allocate the transaction price to the performance obligations in the contract.
- Step 5: Recognize revenue when (or as) the entity satisfies a performance obligation.

ASU 2014-09 also includes a cohesive set of quantitative and qualitative disclosure requirements about the nature, amount, timing, and uncertainty of revenue and cash flows arising from the entity’s contracts with customers.

ASU 2014-09 is effective for fiscal years, and interim periods within those years, beginning after December 15, 2017. Additionally, ASU 2014-09 would permit both public and nonpublic organizations to adopt the new revenue standard early, but not before the original public organization effective date (that is, annual periods beginning after December 15, 2016). ASU 2014-09 requires retrospective application using either a full retrospective adoption or a modified retrospective adoption approach. Full retrospective adoption requires entities to apply the standard as if it had been in effect since the inception of all its contracts with customers presented in the financial statements. Modified retrospective adoption requires entities to apply the standard retrospectively to the most current period presented in the financial statements, requiring the cumulative effect of the retrospective application as an adjustment to the opening balance of retained earnings at the date of adoption. Although the Company continues to evaluate, management anticipates that the Company will adopt the full retrospective method and does not plan to early adopt ASU 2014-09.

Additionally, the Company anticipates that, as a result of certain changes required by ASU 2014-09, the majority of its provision for doubtful accounts will be recorded as a direct reduction to revenue instead of being presented as a separate line item. Management is continuing to evaluate the impact of ASU 2014-09 on the Company’s consolidated financial statements.

3. Earnings Per Share

Basic and diluted earnings per share are calculated in accordance with the FASB Standards Codification Topic 260, “*Earnings Per Share*,” based on the weighted-average number of shares outstanding in each period and dilutive stock options, unvested shares and warrants, to the extent such securities have a dilutive effect on earnings per share.

[Table of Contents](#)

The following table sets forth the computation of basic and diluted earnings per share for the three and six months ended June 30, 2017 and 2016 (in thousands except per share amounts):

	Three Months Ended		Six Months Ended	
	June 30,	2016	2017	2016
Numerator:				
Net income attributable to Acadia Healthcare Company, Inc.	\$49,630	\$56,445	\$84,588	\$82,133
Denominator:				
Weighted average shares outstanding for basic earnings per share	86,954	86,553	86,859	84,748
Effect of dilutive instruments	126	323	138	304
Shares used in computing diluted earnings per common share	87,080	86,876	86,997	85,052
Earnings per share attributable to Acadia Healthcare Company, Inc. stockholders:				
Basic	\$ 0.57	\$ 0.65	\$ 0.97	\$ 0.97
Diluted	\$ 0.57	\$ 0.65	\$ 0.97	\$ 0.97

Approximately 1.6 million and 1.2 million shares of common stock issuable upon exercise of outstanding stock option awards were excluded from the calculation of diluted earnings per share for the three months ended June 30, 2017 and 2016, respectively, because their effect would have been anti-dilutive. Approximately 1.1 million and 1.2 million shares of common stock issuable upon exercise of outstanding stock option awards were excluded from the calculation of diluted earnings per share for the six months ended June 30, 2017 and 2016, respectively, because their effect would have been anti-dilutive.

4. Acquisitions

2016 U.S. Acquisitions

On June 1, 2016, the Company completed the acquisition of Pocono Mountain Recovery Center (“Pocono Mountain”), an inpatient psychiatric facility with 108 beds located in Henryville, Pennsylvania, for cash consideration of approximately \$25.4 million.

On May 1, 2016, the Company completed the acquisition of TrustPoint Hospital (“TrustPoint”), an inpatient psychiatric facility with 100 beds located in Murfreesboro, Tennessee, for cash consideration of approximately \$62.7 million.

On April 1, 2016, the Company completed the acquisition of Serenity Knolls (“Serenity Knolls”), an inpatient psychiatric facility with 30 beds located in Forest Knolls, California, for cash consideration of approximately \$10.0 million.

Priory

On February 16, 2016, the Company completed the acquisition of Priory Group No. 1 Limited (“Priory”) for a total purchase price of approximately \$2.2 billion, including cash consideration of approximately \$1.9 billion and the issuance of 4,033,561 shares of its common stock to shareholders of Priory. Priory was the leading independent provider of behavioral healthcare services in the U.K. operating 324 facilities with approximately 7,100 beds at the acquisition date.

The Competition and Markets Authority (the “CMA”) in the U.K. reviewed the Company’s acquisition of Priory. On July 14, 2016, the CMA announced that the Company’s acquisition of Priory was referred for a phase 2 investigation unless the Company offered acceptable undertakings to address the CMA’s competition concerns relating to the provision of behavioral healthcare services in certain markets. On July 28, 2016, the CMA announced that the Company had offered undertakings to address the CMA’s concerns and that, in lieu of a phase 2 investigation, the CMA would consider the Company’s undertakings.

On October 18, 2016, the Company signed a definitive agreement with BC Partners (“BC Partners”) for the sale of 21 existing U.K. behavioral health facilities and one de novo behavioral health facility with an aggregate of approximately 1,000 beds (collectively, the “U.K. Disposal Group”). On November 10, 2016, the CMA accepted the Company’s undertakings to sell the U.K. Disposal Group to BC Partners and confirmed that the divestiture satisfied the CMA’s concerns about the impact of the Company’s acquisition of Priory on competition for the provision of behavioral healthcare services in certain markets in the U.K. As a result of the CMA’s acceptance of the undertakings, the Company’s acquisition of Priory was not referred for a phase 2 investigation. On November 30, 2016, the Company completed the sale of the U.K. Disposal Group to BC Partners for £320 million cash (the “U.K. Divestiture”).

Summary of Acquisitions

The Company selectively seeks opportunities to expand and diversify its base of operations by acquiring additional facilities. Approximately \$31.5 million of the goodwill associated with domestic acquisitions completed in 2016 is deductible for federal income tax purposes. The fair values of assets acquired and liabilities assumed, at the corresponding acquisition dates, during the year ended December 31, 2016 in connection with the Priory, Serenity Knolls, TrustPoint and Pocono Mountain acquisitions (collectively the “2016 Acquisitions”) were as follows (in thousands):

The qualitative factors comprising the goodwill acquired in the 2016 Acquisitions include efficiencies derived through synergies expected by the elimination of certain redundant corporate functions and expenses, the ability to leverage call center referrals to a broader provider base, coordination of services provided across the combined network of facilities, achievement of operating efficiencies by benchmarking performance, and applying best practices throughout the combined companies.

Amended and Restated Senior Credit Facility

The Company entered into a senior secured credit facility (the “Senior Secured Credit Facility”) on April 1, 2011. On December 31, 2012, the Company entered into an Amended and Restated Credit Agreement (the “Amended and Restated Credit Agreement”) which amended and restated the Senior Secured Credit Facility (the “Amended and Restated Senior Credit Facility”). The Company has amended the Amended and Restated Credit Agreement from time to time as described in the Company’s prior filings with the SEC.

On January 25, 2016, the Company entered into the Ninth Amendment (the “Ninth Amendment”) to the Amended and Restated Credit Agreement. The Ninth Amendment modified certain definitions and provided increased flexibility to the Company in terms of its financial covenants. The Company’s baskets for permitted investments were also increased to provide increased flexibility for it to invest in non-wholly owned subsidiaries, joint ventures and foreign subsidiaries. The Company may now invest in non-wholly owned subsidiaries and joint ventures up to 10.0% of the Company and its subsidiaries’ total assets in any four consecutive fiscal quarter period, and up to 12.5% of the Company and its subsidiaries’ total assets during the term of the Amended and Restated Credit Agreement. The Company may also invest in foreign subsidiaries that are not loan parties up to 10% of the Company and its subsidiaries’ total assets in any consecutive four fiscal quarter period, and up to 15% of the Company and its subsidiaries’ total assets during the term of the Amended and Restated Credit Agreement. The foregoing permitted investments are subject to an aggregate cap of 25% of the Company and its subsidiaries’ total assets in any fiscal year.

On February 16, 2016, the Company entered into a Second Incremental Facility Amendment (the “Second Incremental Amendment”) to the Amended and Restated Credit Agreement. The Second Incremental Amendment activated a new \$955.0 million incremental Term Loan B facility (the “New TLB Facility”) and added \$135.0 million to the Term Loan A facility (the “TLA Facility”) to the Amended and Restated Senior Credit Facility, subject to limited conditionality provisions. Borrowings under the New TLB Facility were used to fund a portion of the purchase price for the acquisition of Priory and the fees and expenses for such acquisition and the related financing transactions. Borrowings under the TLA Facility were used to pay down the majority of our \$300.0 million revolving credit facility.

On May 26, 2016, the Company entered into a Tranche B-1 Repricing Amendment (the “Tranche B-1 Repricing Amendment”) to the Amended and Restated Credit Agreement. The Tranche B-1 Repricing Amendment reduced the Applicable Rate with respect to the \$500.0 million incremental Term Loan B facility (the “Existing TLB Facility”) from 3.5% to 3.0% in the case of Eurodollar Rate loans and 2.5% to 2.0% in the case of Base Rate Loans.

On September 21, 2016, the Company entered into a Tranche B-2 Repricing Amendment (the “Tranche B-2 Repricing Amendment”) to the Amended and Restated Credit Agreement. The Tranche B-2 Repricing Amendment reduced the Applicable Rate with respect to the New TLB Facility from 3.75% to 3.0% in the case of Eurodollar Rate loans and 2.75% to 2.0% in the case of Base Rate Loans. In connection with the Tranche B-2 Repricing Amendment, the Company recorded a debt extinguishment charge of \$3.4 million, including the discount and write-off of deferred financing costs, which was recorded in debt extinguishment costs in the condensed consolidated statements of income.

On November 22, 2016, the Company entered into a Tenth Amendment (the “Tenth Amendment”) to the Amended and Restated Credit Agreement. The Tenth Amendment, among other things, (i) amended the negative covenant regarding dispositions, (ii) modified the collateral package to release any real property with a fair market value of less than \$5.0 million and (iii) changed certain investment, indebtedness and lien baskets.

On November 30, 2016, the Company entered into a Refinancing Facilities Amendment (the “Refinancing Amendment”) to the Amended and Restated Credit Agreement. The Refinancing Amendment increased the Company’s line of credit on its revolving credit facility to \$500.0 million from \$300.0 million and reduced its TLA Facility to \$400.0 million from \$600.6 million (together, the “Refinancing Facilities”). In addition, the Refinancing Amendment extended the maturity date for the Refinancing Facilities to November 30, 2021 from February 13, 2019, and lowered the Company’s effective interest rate on the line of credit on its revolving credit facility and TLA Facility by 50 basis points. In connection with the Refinancing Amendment, the Company recorded a debt extinguishment charge of \$0.8 million, including the write-off of deferred financing costs, which was recorded in debt extinguishment in the condensed consolidated statements of income.

On May 10, 2017, the Company entered into a Third Repricing Amendment (the “Third Repricing Amendment”) to the Amended and Restated Credit Agreement. The Third Repricing Amendment reduced the Applicable Rate with respect to the Existing TLB Facility and the New TLB Facility from 3.0% to 2.75% in the case of Eurodollar Rate loans and from 2.0% to 1.75% in the case of Base Rate Loans. In connection with the Third Repricing Amendment, the Company recorded a debt extinguishment charge of \$0.8 million, including the discount and write-off of deferred financing costs, which was recorded in debt extinguishment costs in the condensed consolidated statements of income.

The Company had \$493.5 million of availability under the revolving line of credit and had standby letters of credit outstanding of \$6.5 million related to security for the payment of claims required by its workers’ compensation insurance program as of June 30, 2017. Borrowings under the revolving line of credit are subject to customary conditions precedent to borrowing. The Amended and Restated Credit Agreement requires quarterly term loan principal repayments of our TLA Facility of \$5.0 million for June 30, 2017 to December 31, 2019, \$7.5 million for March 31, 2020 to December 31, 2020, and \$10.0 million for March 31, 2021 to September 30, 2021, with the remaining principal balance of the TLA Facility due on the maturity date of November 30, 2021. The Company is required to repay the Existing TLB Facility in equal quarterly installments of \$1.3 million on the last business day of each March, June, September and December, with the outstanding principal balance of the Existing TLB Facility due on February 11, 2022. The Company is required to repay the New TLB Facility in equal quarterly installments of approximately \$2.4 million on the last business day of each March, June, September and December, with the outstanding principal balance of the TLB Facility due on February 16, 2023.

Borrowings under the Amended and Restated Senior Credit Facility are guaranteed by each of the Company’s wholly-owned domestic subsidiaries (other than certain excluded subsidiaries) and are secured by a lien on substantially all of the assets of the Company and such subsidiaries. Borrowings with respect to the TLA Facility and the Company’s revolving credit facility (collectively, “Pro Rata Facilities”) under the Amended and Restated Credit Agreement bear interest at a rate tied to the Company’s Consolidated Leverage Ratio (defined as consolidated funded debt net of up to \$40.0 million of unrestricted and unencumbered cash to consolidated EBITDA, in each case as defined in the Amended and Restated Credit Agreement). The Applicable Rate (as defined in the Amended and Restated Credit Agreement) for the Pro Rata Facilities was 2.75% for Eurodollar Rate Loans (as defined in the Amended and Restated Credit Agreement) and 1.75% for Base Rate Loans (as defined in the Amended and Restated Credit Agreement) at June 30, 2017. Eurodollar Rate Loans with respect to the Pro Rata Facilities bear interest at the Applicable Rate plus the Eurodollar Rate (as defined in the Amended and Restated Credit Agreement) (based upon the LIBOR Rate (as defined in the Amended and Restated Credit Agreement) prior to commencement of the interest rate period). Base Rate Loans with respect to the Pro Rata Facilities bear interest at the Applicable Rate plus the highest of (i) the federal funds rate plus 0.50%, (ii) the prime rate and (iii) the Eurodollar Rate plus 1.0%. As of June 30, 2017, the Pro Rata Facilities bore interest at a rate of LIBOR plus 2.75%. In addition, the Company is required to pay a commitment fee on undrawn amounts under the revolving line of credit.

The Amended and Restated Credit Agreement requires the Company and its subsidiaries to comply with customary affirmative, negative and financial covenants, including a fixed charge coverage ratio, consolidated leverage ratio and senior secured leverage ratio. The Company may be required to pay all of its indebtedness immediately if it defaults on any of the numerous financial or other restrictive covenants contained in any of its material debt agreements. As of June 30, 2017, the Company was in compliance with such covenants.

The Company may redeem the Senior Notes at its option, in whole or part, at the dates and amounts set forth in the indentures.

9.0% and 9.5% Revenue Bonds

On November 11, 2012, in connection with the acquisition of The Pavilion at HealthPark, LLC (“Park Royal”), the Company assumed debt of \$23.0 million. The fair market value of the debt assumed was \$25.6 million and resulted in a debt premium balance being recorded as of the acquisition date. The debt consisted of \$7.5 million and \$15.5 million of Lee County (Florida) Industrial Development Authority Healthcare Facilities Revenue Bonds, Series 2010 with stated interest rates of 9.0% and 9.5% (“9.0% and 9.5% Revenue Bonds”), respectively. The 9.0% bonds in the amount of \$7.5 million have a maturity date of December 1, 2030 and require yearly principal payments beginning in 2013. The 9.5% bonds in the amount of \$15.5 million have a maturity date of December 1, 2040 and require yearly principal payments beginning in 2031. The principal payments establish a bond sinking fund to be held with the trustee and shall be sufficient to redeem the principal amounts of the 9.0% and 9.5% Revenue Bonds on their respective maturity dates. As of June 30, 2017 and December 31, 2016, \$2.3 million was recorded within other assets on the condensed consolidated balance sheets related to the debt service reserve fund requirements. The yearly principal payments, which establish a bond sinking fund, will increase the debt service reserve fund requirements. The bond premium amount of \$2.6 million is amortized as a reduction of interest expense over the life of the revenue bonds using the effective interest method.

8. Equity Offerings

Common Stock

On March 3, 2016, the Company held a Special Meeting of Stockholders, where the Company's stockholders approved an amendment to the Company's Amended and Restated Certificate of Incorporation to increase the number of authorized shares of Common Stock from 90,000,000 to 180,000,000 (the "Amendment"). On March 3, 2016, the Company filed the Amendment with the Secretary of State of the State of Delaware.

Equity Offerings

The net proceeds to the Company from the sale of the shares, after deducting the underwriting discount of \$15.8 million and additional offering-related costs of \$0.7 million, were \$685.0 million. The Company used the net offering proceeds to fund a portion of the purchase price for the acquisition of Priory.

On February 16, 2016, the Company completed its acquisition of Priory for a total purchase price of approximately \$2.2 billion, including total cash consideration of approximately \$1.9 billion and the issuance of 4,033,561 shares of common stock.

9. Equity-Based Compensation

Equity Incentive Plans

The Company issues stock-based awards, including stock options, restricted stock and restricted stock units, to certain officers, employees and non-employee directors under the Acadia Healthcare Company, Inc. Incentive Compensation Plan (the "Equity Incentive Plan"). As of June 30, 2017, a maximum of 8,200,000 shares of the Company's common stock were authorized for issuance as stock options, restricted stock and restricted stock units or other share-based compensation under the Equity Incentive Plan, of which 4,434,974 were available for future grant. Stock options may be granted for terms of up to ten years. The Company recognizes expense on all share-based awards on a straight-line basis over the requisite service period of the entire award. Grants to employees generally vest in annual increments of 25% each year, commencing one year after the date of grant. The exercise prices of stock options are equal to the most recent closing price of the Company's common stock on the date of grant.

The Company recognized \$7.4 million and \$6.9 million in equity-based compensation expense for the three months ended June 30, 2017 and 2016, respectively, and \$14.8 million and \$13.8 million for the six months ended June 30, 2017 and 2016, respectively. The grant-date fair value of the Company's stock options is estimated using the Black-Scholes option pricing model. The following table summarizes the grant-date fair value of options and the assumptions used to develop the fair value estimates for options granted during the six months ended June 30, 2017 and year ended December 31, 2016:

	June 30, 2017	December 31, 2016
Weighted average grant-date fair value of options	\$ 14.65	\$ 18.96
Risk-free interest rate	2.0%	1.4%
Expected volatility	33%	33%
Expected life (in years)	5.5	5.5

The Company's estimate of expected volatility for stock options is based upon the volatility of guideline companies given the lack of sufficient historical trading experience of the Company's common stock. The risk-free interest rate is the approximate yield on U. S. Treasury Strips having a life equal to the expected option life on the date of grant. The expected life is an estimate of the number of years an option will be held before it is exercised.

10. Income Taxes

The Company adopted ASU 2016-09 as of January 1, 2017, which changes how the Company accounts for share-based awards for tax purposes. Income tax effects of share-based awards are now recognized in the income statement, instead of through equity, when the awards vest.

[Table of Contents](#)

Excess tax benefits/deficiencies are generated when the deduction for tax purposes is greater/less than the compensation cost for financial reporting purposes. Upon adoption of ASU 2016-09, the Company no longer records excess tax benefits/deficiencies in additional paid-in capital as a component of equity. Instead, excess tax benefits/deficiencies are included in the provision for income taxes on the condensed consolidated statements of income. These changes are recorded prospectively as of January 1, 2017, which resulted in an increase in our income tax provision of \$1.7 million, or an increase in the effective tax rate of 1.5%, for the six months ended June 30, 2017. Prior periods have not been adjusted. An adjustment for prior period excess tax benefits of \$8.6 million is recorded as a cumulative-effect adjustment in retained earnings at June 30, 2017 as the Company adopted this amendment using the modified transition method. Excess tax benefits were previously required to be included in financing activities on the condensed consolidated statement of cash flows and are now required to be included in operating activities. The changes to the condensed consolidated statement of cash flows are recorded prospectively as of January 1, 2017. Additionally, the Company has elected not to adjust its policy on accounting for forfeitures and will continue to estimate forfeiture rates.

The provision for income taxes for the three months ended June 30, 2017 and 2016 reflects effective tax rates of 25.0% and 24.7%, respectively. The provision for income taxes for the six months ended June 30, 2017 and 2016 reflects effective tax rates of 26.4% and 23.9%, respectively. The increase in the effective tax rate for the three and six months ended June 30, 2017 was primarily attributable to the adoption of ASU 2016-09, the reduction in earnings related to the U.K. Divestiture and the decline in the exchange rate between U.S. dollars ("USD") and British pounds ("GBP").

11. Derivative Instruments

The Company entered into foreign currency forward contracts during the six months ended June 30, 2017 and the three and six months ended 2016 in connection with (i) acquisitions in the U.K. and (ii) transfers of cash between the U.S. and U.K. under the Company's cash management and foreign currency risk management programs. Foreign currency forward contracts limit the economic risk of changes in the exchange rate between USD and GBP associated with cash transfers.

The foreign currency forward contracts entered into during the three and six months ended June 30, 2016 resulted in gains of \$0.1 million and \$0.5 million, respectively, which have been recorded in the condensed consolidated statements of income.

In May 2016, the Company entered into multiple cross currency swap agreements with an aggregate notional amount of \$650.0 million to manage foreign currency risk by effectively converting a portion of its fixed-rate USD-denominated senior notes, including the semi-annual interest payments thereunder, to fixed-rate GBP-denominated debt of £449.3 million. The senior notes effectively converted include \$150.0 million aggregate principal amount of 6.125% Senior Notes, \$300.0 million aggregate principal amount of 5.125% Senior Notes and \$200.0 million aggregate principal amount of 5.625% Senior Notes. During the term of the swap agreements, the Company will receive semi-annual interest payments in USD from the counterparties at fixed interest rates, and the Company will make semi-annual interest payments in GBP to the counterparties at fixed interest rates. The interest payments under the cross-currency swap agreements result in £24.7 million of annual cash flows, from the Company's U.K. business being converted to \$35.8 million (at a 1.45 exchange rate). The interest rates applicable to the GBP interest payments are substantially the same as the interest rates in place for the existing USD-denominated debt. At maturity, the Company will repay the principal amounts listed above in GBP and receive the principal amount in USD.

The Company has designated the cross currency swap agreements and certain forward contracts entered into during 2016 and the three and six months ended June 30, 2017 as qualifying hedging instruments and is accounting for these as net investment hedges. The fair value of these derivatives of \$43.8 million is recorded as derivative instruments on the condensed consolidated balance sheets. The gains and losses resulting from fair value adjustments to these derivatives are recorded in accumulated other comprehensive loss as the swaps are effective in hedging the designated risk. Cash flows related to these derivatives are included in operating activities in the condensed consolidated statements of cash flows.

12. Fair Value Measurements

Derivative instruments	\$ 43,753	\$ 73,509	\$ 43,753	\$ 73,509
Contingent consideration liabilities	\$ —	\$ 107	\$ —	\$ 107

The Company's Amended and Restated Senior Credit Facility, 6.125% Senior Notes, 5.125% Senior Notes, 5.625% Senior Notes, 6.500% Senior Notes and 9.0% and 9.5% Revenue Bonds were categorized as Level 2 in the GAAP fair value hierarchy. Fair values were based on trading activity among the Company's lenders and the average bid and ask price as determined using published rates.

The fair values of the derivative instruments were categorized as Level 2 in the GAAP fair value hierarchy and were based on observable market inputs including applicable exchange rates and interest rates.

The fair value of the contingent consideration liabilities were categorized as Level 3 in the GAAP fair value hierarchy. The contingent consideration liabilities were valued using a probability-weighted discounted cash flow method. This analysis reflected the contractual terms of the purchase agreements and utilized assumptions with regard to future earnings, probabilities of achieving such future earnings and a discount rate.

13. Commitments and Contingencies

Professional and General Liability

Effective September 1, 2016, a portion of the Company's professional liability risks is insured through a wholly-owned insurance subsidiary. The Company's wholly-owned insurance subsidiary insures the Company for professional liability losses up to \$52.0 million in the aggregate. The insurance subsidiary has obtained reinsurance with unrelated commercial insurers for professional liability risks of \$50.0 million in excess of a retention level of \$2.0 million.

Legal Proceedings

The Company is, from time to time, subject to various claims and legal actions that arise in the ordinary course of the Company's business, including claims for damages for personal injuries, medical malpractice, breach of contract, tort and employment related claims. In these actions, plaintiffs request a variety of damages, including, in some instances, punitive and other types of damages that may not be covered by insurance. In the opinion of management, the Company is not currently a party to any proceeding that would individually or in the aggregate have a material adverse effect on the Company's business, financial condition or results of operations.

14. Noncontrolling Interests

On May 2, 2016, the Company opened Crestwyn Behavioral Health, a de novo inpatient psychiatric facility located in Memphis, Tennessee. The Company owns 60% of the equity interests in the entity that owns this facility, and two noncontrolling partners each own 20%. The value of the 40% noncontrolling interests is approximately \$6.0 million and is based on the fair value of contributions. The Company consolidates the operations of the facility based on its 60% equity ownership and its control of the entity. The noncontrolling interests are reflected as redeemable noncontrolling interests on the accompanying consolidated balance sheets based on a put right that could require the Company to purchase the noncontrolling interests upon the occurrence of a change in control.

- (1) Segment EBITDA is defined as income before provision for income taxes, equity-based compensation expense, gain on foreign currency derivatives, transaction-related expenses, interest expense and depreciation and amortization. The Company uses Segment EBITDA as an analytical indicator to measure the performance of the Company's segments and to develop strategic objectives and operating plans for those segments. Segment EBITDA is commonly used as an analytical indicator within the health care industry, and also serves as a measure of leverage capacity and debt service ability. Segment EBITDA should not be considered as a measure of financial performance under GAAP, and the items excluded from Segment EBITDA are significant components in understanding and assessing financial performance. Because Segment EBITDA is not a measurement determined in accordance with GAAP and is thus susceptible to varying calculations, Segment EBITDA, as presented, may not be comparable to other similarly titled measures of other companies.
- (2) Assets include property and equipment for the U.S. Facilities of \$1.1 billion, U.K. Facilities of \$1.7 billion and corporate and other of \$33.6 million at June 30, 2017. Assets include property and equipment for the U.S. Facilities of \$1.0 billion, U.K. Facilities of \$1.7 billion and corporate and other of \$27.1 million at December 31, 2016.

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations.

This Quarterly Report on Form 10-Q contains “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements include any statements that address future results or occurrences. In some cases you can identify forward-looking statements by terminology such as “may,” “might,” “will,” “would,” “should,” “could” or the negative thereof. Generally, the words “anticipate,” “believe,” “continue,” “expect,” “intend,” “estimate,” “project,” “plan” and similar expressions identify forward-looking statements. In particular, statements about our expectations, beliefs, plans, objectives, assumptions or future events or performance contained are forward-looking statements.

We have based these forward-looking statements on our current expectations, assumptions, estimates and projections. While we believe these expectations, assumptions, estimates and projections are reasonable, such forward-looking statements are only predictions and involve known and unknown risks, uncertainties and other factors, many of which are outside of our control, which could cause our actual results, performance or achievements to differ materially from any results, performance or achievements expressed or implied by such forward-looking statements. These risks, uncertainties and other factors include, but are not limited to:

- our significant indebtedness, our ability to meet our debt obligations, and our ability to incur substantially more debt;
- difficulties in successfully integrating the operations of acquired facilities, including those acquired in the Priory acquisition, or realizing the potential benefits and synergies of our acquisitions and joint ventures;
- our ability to implement our business strategies in the U.S. and the U.K. and adapt to the regulatory and business environment in the U.K.;
- potential difficulties operating our business in light of political and economic instability in the U.K. and globally following the referendum in the U.K. on June 23, 2016, in which voters approved an exit from the European Union, or Brexit;
- the impact of fluctuations in foreign exchange rates, including the devaluations of the GBP relative to the USD following the Brexit vote;
- the impact of payments received from the government and third-party payors on our revenue and results of operations including the significant dependence of our U.K. facilities on payments received from the National Health Service (the “NHS”);
- the occurrence of patient incidents, which could result in negative media coverage, adversely affect the price of our securities and result in incremental regulatory burdens and governmental investigations;
- our future cash flow and earnings;
- our restrictive covenants, which may restrict our business and financing activities;
- our ability to make payments on our financing arrangements;
- the impact of the economic and employment conditions in the U.S. and the U.K. on our business and future results of operations;
- compliance with laws and government regulations;
- the impact of claims brought against us or our facilities;
- the impact of governmental investigations, regulatory actions and whistleblower lawsuits;
- the impact of healthcare reform in the U.S. and abroad, including the potential repeal of the Patient Protection and Affordable Care Act;
- the impact of our highly competitive industry on patient volumes;
- our ability to recruit and retain quality psychiatrists and other physicians;
- the impact of competition for staffing on our labor costs and profitability;
- the impact of increases to our labor costs;
- our dependence on key management personnel, key executives and local facility management personnel;
- our acquisition, joint venture and de novo strategies, which expose us to a variety of operational and financial risks, as well as legal and regulatory risks;
- the impact of state efforts to regulate the construction or expansion of healthcare facilities on our ability to operate and expand our operations;

Table of Contents

- our potential inability to extend leases at expiration;
- the impact of controls designed to reduce inpatient services on our revenue;
- the impact of different interpretations of accounting principles on our results of operations or financial condition;
- the impact of environmental, health and safety laws and regulations, especially in locations where we have concentrated operations;
- the impact of an increase in uninsured and underinsured patients or the deterioration in the collectability of the accounts of such patients on our results of operations;
- the risk of a cyber-security incident and any resulting violation of laws and regulations regarding information privacy or other negative impact;
- the impact of laws and regulations relating to privacy and security of patient health information and standards for electronic transactions;
- our ability to cultivate and maintain relationships with referral sources;
- the impact of a change in the mix of our U.S. and U.K. earnings, adverse changes in our effective tax rate and adverse developments in tax laws generally;
- failure to maintain effective internal control over financial reporting;
- the impact of fluctuations in our operating results, quarter to quarter earnings and other factors on the price of our securities;
- the impact of the trend for insurance companies and managed care organizations to enter into sole source contracts on our ability to obtain patients;
- the impact of value-based purchasing programs on our revenue; and
- those risks and uncertainties described from time to time in our filings with the SEC.

Given these risks and uncertainties, you are cautioned not to place undue reliance on such forward-looking statements. These risks and uncertainties may cause our actual future results to be materially different than those expressed in our forward-looking statements. These forward-looking statements are made only as of the date of this Quarterly Report on Form 10-Q. We do not undertake and specifically decline any obligation to update any such statements or to publicly announce the results of any revisions to any such statements to reflect future events or developments.

Overview

Our business strategy is to acquire and develop behavioral healthcare facilities and improve our operating results within our facilities and our other behavioral healthcare operations. We strive to improve the operating results of our facilities by providing high-quality services, expanding referral networks and marketing initiatives while meeting the increased demand for behavioral healthcare services through expansion of our current locations as well as developing new services within existing locations. At June 30, 2017, we operated 576 behavioral healthcare facilities with approximately 17,300 beds in 39 states, the U.K. and Puerto Rico. During the six months ended June 30, 2017, we added 173 new beds to existing facilities. For the year ending December 31, 2017, we expect to add approximately 800 total beds exclusive of acquisitions.

We are the leading publicly traded pure-play provider of behavioral healthcare services, with operations in the U.S. and the U.K. Management believes that we are positioned as a leading platform in a highly fragmented industry under the direction of an experienced management team that has significant industry expertise. Management expects to take advantage of several strategies that are more accessible as a result of our increased size and geographic scale, including continuing a national marketing strategy to attract new patients and referral sources, increasing our volume of out-of-state referrals, providing a broader range of services to new and existing patients and clients and selectively pursuing opportunities to expand our facility and bed count in the U.S and U.K.

Acquisitions

2016 U.S. Acquisitions

On June 1, 2016, we completed the acquisition of Pocono Mountain, an inpatient psychiatric facility with 108 beds located in Henryville, Pennsylvania, for cash consideration of approximately \$25.4 million.

[Table of Contents](#)

On May 1, 2016, we completed the acquisition of TrustPoint, an inpatient psychiatric facility with 100 beds located in Murfreesboro, Tennessee, for cash consideration of approximately \$62.7 million.

On April 1, 2016, we completed the acquisition of Serenity Knolls, an inpatient psychiatric facility with 30 beds located in Forest Knolls, California, for cash consideration of approximately \$10.0 million.

Priory

On February 16, 2016, we completed the acquisition of Priory for a total purchase price of approximately \$2.2 billion, including cash consideration of approximately \$1.9 billion and the issuance of 4,033,561 shares of our common stock to shareholders of Priory. Priory was the leading independent provider of behavioral healthcare services in the U.K. operating 324 facilities with approximately 7,100 beds at the acquisition date.

The CMA in the U.K. reviewed our acquisition of Priory. On July 14, 2016, the CMA announced that our acquisition of Priory was referred for a phase 2 investigation unless we offered acceptable undertakings to address the CMA's competition concerns relating to the provision of behavioral healthcare services in certain markets. On July 28, 2016, the CMA announced that we had offered undertakings to address the CMA's concerns and that, in lieu of a phase 2 investigation, the CMA would consider our undertakings.

On October 18, 2016, we signed a definitive agreement with BC Partners for the sale of 21 existing U.K. behavioral health facilities and one de novo behavioral health facility with an aggregate of approximately 1,000 beds. On November 10, 2016, the CMA accepted our undertakings to sell the U.K. Disposal Group to BC Partners and confirmed that the divestiture satisfied the CMA's concerns about the impact of our acquisition of Priory on competition for the provision of behavioral healthcare services in certain markets in the U.K. As a result of the CMA's acceptance of our undertakings, our acquisition of Priory was not referred for a phase 2 investigation. On November 30, 2016, we completed the sale of the U.K. Disposal Group to BC Partners for £320 million cash.

Revenue

Our revenue is primarily derived from services rendered to patients for inpatient psychiatric and substance abuse care, outpatient psychiatric care and adolescent residential treatment. We receive payments from the following sources for services rendered in our facilities: (i) state governments under their respective Medicaid and other programs; (ii) commercial insurers; (iii) the federal government under the Medicare program administered by CMS; (iv) publicly funded sources in the U.K. (including the NHS, Clinical Commissioning Groups and local authorities in England, Scotland and Wales) and (v) individual patients and clients. Revenue is recorded in the period in which services are provided at established billing rates less contractual adjustments based on amounts reimbursable by Medicare or Medicaid under provisions of cost or prospective reimbursement formulas or amounts due from other third-party payors at contractually determined rates.

The following table presents revenue by payor type and as a percentage of revenue before provision for doubtful accounts for the three and six months ended June 30, 2017 and 2016 (dollars in thousands):

Revenue before provision for doubtful accounts. Revenue before provision for doubtful accounts decreased \$41.5 million, or 5.4%, to \$725.6 million for the three months ended June 30, 2017 from \$767.1 million for the three months ended June 30, 2016. The decrease related primarily to the reduction in revenue before provision for doubtful accounts related to the U.K. Divestiture of \$43.1 million and the decline in the exchange rate between USD and GBP of \$35.4 million offset by same facility patient day growth. Same-facility revenue before provision for doubtful accounts increased by \$41.2 million, or 6.3%, for the three months ended June 30, 2017 compared to the three months ended June 30, 2016, resulting from same-facility growth in patient days of 4.6% and an increase in same-facility revenue per day of 1.8%. Consistent with the same-facility patient day growth in 2016, the growth in same-facility patient days for the three months ended June 30, 2017 compared to the three months ended June 30, 2016 resulted from the addition of beds to our existing facilities and ongoing demand for our services.

The \$25.2 million decrease in SWB expense, excluding equity-based compensation expense, was primarily attributable to the reduction in expense related to the U.K. Divestiture and the decline in the exchange rate between USD and GBP. Same-facility SWB expense was \$342.3 million for the three months ended June 30, 2017, or 50.2% of revenue, compared to \$321.3 million for the three months ended June 30, 2016, or 50.2% of revenue.

On May 10, 2017, we entered into the Third Repricing Amendment to the Amended and Restated Credit Agreement. The Third Repricing Amendment reduced the Applicable Rate with respect to the Existing TLB Facility and the New TLB Facility from 3.0% to 2.75% in the case of Eurodollar Rate loans and 2.0% to 1.75% in the case of Base Rate Loans. In connection with the Third Repricing Amendment, we recorded a debt extinguishment charge of \$0.8 million, including the discount and write-off of deferred financing costs, which was recorded in debt extinguishment costs in the condensed consolidated statements of income.

We had \$493.5 million of availability under the revolving line of credit and had standby letters of credit outstanding of \$6.5 million related to security for the payment of claims required by our workers' compensation insurance program as of June 30, 2017. Borrowings under the revolving line of credit are subject to customary conditions precedent to borrowing. The Amended and Restated Credit Agreement requires quarterly term loan principal repayments of our TLA Facility of \$5.0 million for June 30, 2017 to December 31, 2019, \$7.5 million for March 31, 2020 to December 31, 2020, and \$10.0 million for March 31, 2021 to September 30, 2021, with the remaining principal balance of the TLA Facility due on the maturity date of November 30, 2021. We are required to repay the Existing TLB Facility in equal quarterly installments of \$1.3 million on the last business day of each March, June, September and December, with the outstanding principal balance of the Existing TLB Facility due on February 11, 2022. We are required to repay the New TLB Facility in equal quarterly installments of approximately \$2.4 million on the last business day of each March, June, September and December, with the outstanding principal balance of the New TLB Facility due on February 16, 2023.

Borrowings under the Amended and Restated Credit Agreement are guaranteed by each of our wholly-owned domestic subsidiaries (other than certain excluded subsidiaries) and are secured by a lien on substantially all of our and such subsidiaries' assets. Borrowings with respect to the TLA Facility and our revolving credit facility (collectively, "Pro Rata Facilities") under the Amended and Restated Credit Agreement bear interest at a rate tied to our Consolidated Leverage Ratio (defined as consolidated funded debt net of up to \$40.0 million of unrestricted and unencumbered cash to consolidated EBITDA, in each case as defined in the Amended and Restated Credit Agreement). The Applicable Rate (as defined in the Amended and Restated Credit Agreement) for the

[Table of Contents](#)

Pro Rata Facilities was 2.75% for Eurodollar Rate Loans (as defined in the Amended and Restated Credit Agreement) and 1.75% for Base Rate Loans (as defined in the Amended and Restated Credit Agreement) at June 30, 2017. Eurodollar Rate Loans with respect to the Pro Rata Facilities bear interest at the Applicable Rate plus the Eurodollar Rate (as defined in the Amended and Restated Credit Agreement) (based upon the LIBOR Rate (as defined in the Amended and Restated Credit Agreement) prior to commencement of the interest rate period). Base Rate Loans with respect to the Pro Rata Facilities bear interest at the Applicable Rate plus the highest of (i) the federal funds rate plus 0.50%, (ii) the prime rate and (iii) the Eurodollar Rate plus 1.0%. As of June 30, 2017, the Pro Rata Facilities bore interest at a rate of LIBOR plus 2.75%. In addition, we are required to pay a commitment fee on undrawn amounts under our revolving credit facility.

The interest rates and the unused line fee on unused commitments related to the Pro Rata Facilities are based upon the following pricing tiers:

<u>Pricing Tier</u>	<u>Consolidated Leverage Ratio</u>	<u>Eurodollar Rate Loans</u>	<u>Base Rate Loans</u>	<u>Commitment Fee</u>
1	< 3.50:1.0	1.75%	0.75%	0.20%
2	>3.50:1.0 but < 4.00:1.0	2.00%	1.00%	0.25%
3	>4.00:1.0 but < 4.50:1.0	2.25%	1.25%	0.30%
4	>4.50:1.0 but < 5.25:1.0	2.50%	1.50%	0.35%
5	>5.25:1.0	2.75%	1.75%	0.40%

Eurodollar Rate Loans with respect to the Existing TLB Facility bear interest at the Existing TLB Applicable Rate (as defined below) plus the Eurodollar Rate (subject to a floor of 0.75% and based upon the LIBOR Rate prior to commencement of the interest rate period). Base Rate Loans bear interest at the Existing TLB Applicable Rate plus the highest of (i) the federal funds rate plus 0.50%, (ii) the prime rate and (iii) the Eurodollar Rate plus 1.0%. As used herein, the term “Existing TLB Applicable Rate” means, with respect to Eurodollar Rate Loans, 3.0%, and with respect to Base Rate Loans, 2.0%. The New TLB Facility bears interest as follows: Eurodollar Rate Loans bear interest at the Applicable Rate (as defined in the Amended and Restated Credit Agreement) plus the Eurodollar Rate (subject to a floor of 0.75% and based upon the LIBOR Rate prior to commencement of the interest rate period) and Base Rate Loans bear interest at the Applicable Rate plus the highest of (i) the federal funds rate plus 0.50%, (ii) the prime rate and (iii) the Eurodollar Rate plus 1.0%. As used herein, the term “Applicable Rate” means, with respect to Eurodollar Rate Loans, 3.0%, and with respect to Base Rate Loans, 2.0%.

The lenders who provided the Existing TLB Facility and New TLB Facility are not entitled to benefit from our maintenance of its financial covenants under the Amended and Restated Credit Agreement. Accordingly, if we fail to maintain its financial covenants, such failure shall not constitute an event of default under the Amended and Restated Credit Agreement with respect to the Existing TLB Facility or the New TLB Facility until and unless the Amended and Restated Senior Credit Facility is accelerated or the commitment of the lenders to make further loans is terminated.

The Amended and Restated Credit Agreement requires us and our subsidiaries to comply with customary affirmative, negative and financial covenants, including a fixed charge coverage ratio, consolidated leverage ratio and consolidated senior secured leverage ratio. We may be required to pay all of our indebtedness immediately if we default on any of the numerous financial or other restrictive covenants contained in any of our material debt agreements. Set forth below is a brief description of such covenants, all of which are subject to customary exceptions, materiality thresholds and qualifications:

- a) the affirmative covenants include the following: (i) delivery of financial statements and other customary financial information; (ii) notices of events of default and other material events; (iii) maintenance of existence, ability to conduct business, properties, insurance and books and records; (iv) payment of taxes; (v) lender inspection rights; (vi) compliance with laws; (vii) use of proceeds; (viii) further assurances; and (ix) additional collateral and guarantor requirements.

We are generally not permitted to issue dividends or distributions other than with respect to the following: (w) certain tax distributions; (x) the repurchase of equity held by employees, officers or directors upon the occurrence of death, disability or termination subject to cap of \$500,000 in any fiscal year and compliance with certain other conditions; (y) in the form of capital stock; and (z) scheduled payments of deferred purchase price, working capital adjustments and similar payments pursuant to the merger agreement or any permitted acquisition.

9.0% and 9.5% Revenue Bonds

On November 11, 2012, in connection with the acquisition of Park Royal, we assumed debt of \$23.0 million. The fair market value of the debt assumed was \$25.6 million and resulted in a debt premium balance being recorded as of the acquisition date. The debt consisted of \$7.5 million and \$15.5 million of Lee County (Florida) Industrial Development Authority Healthcare Facilities Revenue Bonds, Series 2010 with stated interest rates of 9.0% and 9.5%, respectively. The 9.0% bonds in the amount of \$7.5 million have a maturity date of December 1, 2030 and require yearly principal payments beginning in 2013. The 9.5% bonds in the amount of \$15.5 million have a maturity date of December 1, 2040 and require yearly principal payments beginning in 2031. The principal payments establish a bond-sinking fund to be held with the trustee and shall be sufficient to redeem the principal amounts of the 9.0% and 9.5% Revenue Bonds on their respective maturity dates. As of June 30, 2017 and December 31, 2016, \$2.3 million was recorded within other assets on the condensed consolidated balance sheets related to the debt service reserve fund requirements. The yearly principal payments, which establish a bond sinking fund, will increase the debt service reserve fund requirements. The bond premium amount of \$2.6 million is amortized as a reduction of interest expense over the life of the 9.0% and 9.5% Revenue Bonds using the effective interest method.

Contractual Obligations

The following table presents a summary of contractual obligations as of June 30, 2017 (dollars in thousands):

	Payments Due by Period				Total
	Less Than 1 Year	1-3 Years	3-5 Years	More Than 5 Years

Operating leases	66,682	119,663	102,749	808,333	1,097,427
Purchase and other obligations (b)	3,501	29,498	1,980	27,580	62,559
Total obligations and commitments	<u>\$266,640</u>	<u>\$543,039</u>	<u>\$1,662,253</u>	<u>\$2,912,276</u>	<u>\$5,384,208</u>

(a) Amounts include required principal and interest payments. The projected interest payments reflect the interest rates in place on our variable-rate debt as of June 30, 2017.

(b) Amounts relate to purchase obligations, including capital lease payments.

Off-Balance Sheet Arrangements

As of June 30, 2017, we had standby letters of credit outstanding of \$6.5 million related to security for the payment of claims as required by our workers' compensation insurance program.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Interest Rate Risk

Our interest expense is sensitive to changes in market interest rates. Our long-term debt outstanding at June 30, 2017 was composed of \$1.5 billion of fixed-rate debt and \$1.8 billion of variable-rate debt with interest based on LIBOR plus an applicable margin. A hypothetical 10% increase in interest rates (which would equate to a 0.39% higher rate on our variable rate debt) would decrease our net income and cash flows by \$4.5 million on an annual basis based upon our borrowing level at June 30, 2017.

The functional currency for our U.K. facilities is the British pound or GBP. Our revenue and earnings are sensitive to changes in the GBP to USD exchange rate from the translation of our earnings into USD at exchange rates that may fluctuate. Based upon the level of our U.K. operations relative to the Company as a whole, a hypothetical 10% change in the exchange rate (which would equate to an increase or decrease in the exchange rate of 0.13) would cause a change in our net income of \$10.8 million on an annual basis. In May 2016, we entered into multiple cross currency swap agreements with an aggregate notional amount of \$650.0 million to manage foreign currency exchange risk by effectively converting a portion of our fixed-rate USD denominated senior notes, including the semi-annual interest payments thereunder, to fixed-rate, GBP-denominated debt of £449.3 million. The cross currency swap agreements limit the impact of changes in the exchange rate on our cash flows and leverage. Following the Brexit vote, the GBP dropped to its lowest level against the USD in more than 30 years. If the exchange rate remains low, our results of operations will be negatively impacted in future periods.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

As of the end of the period covered by this report, our management conducted an evaluation, with the participation of our chief executive officer and chief financial officer, of the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 (the “Exchange Act”). Based on this evaluation, our chief executive officer and chief financial officer have concluded that our disclosure controls and procedures are effective to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms and that such information is accumulated and communicated to management, including our chief executive officer and chief financial officer, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control Over Financial Reporting

There have been no changes in our internal control over financial reporting during the three months ended June 30, 2017 that have materially affected or are reasonably likely to materially affect our internal control over financial reporting.

PART II – OTHER INFORMATION**Item 1. Legal Proceedings**

We are, from time to time, subject to various claims and legal actions that arise in the ordinary course of our business, including claims for damages for personal injuries, medical malpractice, breach of contract, tort and employment related claims. In these actions, plaintiffs request a variety of damages, including, in some instances, punitive and other types of damages that may not be covered by insurance. In the opinion of management, we are not currently a party to any proceeding that would have a material adverse effect on our business, financial condition or results of operations.

Item 1A. Risk Factors

In addition to the other information set forth in this report, an investor should carefully consider the factors discussed in Part I, “Item 1A. Risk Factors” in the Company’s Annual Report on Form 10-K for the year ended December 31, 2016. The risks, as described in the Company’s Annual Report on Form 10-K for the year ended December 31, 2016, are not the only risks facing the Company. Additional risks and uncertainties not currently known to management or that management currently deems immaterial also may materially, adversely affect the Company’s business, financial condition, operating results or cash flows.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

During the three months ended June 30, 2017, the Company withheld shares of Company common stock to satisfy employee minimum statutory tax withholding obligations payable upon the vesting of restricted stock, as follows:

<u>Period</u>	<u>Total Number of Shares Purchased</u>	<u>Average Price Paid per Share</u>	<u>Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs</u>	<u>Maximum Number of Shares that May Yet Be Purchased Under the Plans or Programs</u>
April 1 – April 30	—	\$ —	—	—
